

Conditions for the Pre-Order Campaign for the New TTS-160 Panther Lite

Introduction

The new TTS-160 Panther Lite mount has been produced in a test series and has undergone internal testing at Track The Stars as well as testing by selected users worldwide. Based on test results, minor adjustments to the design have been made. The first production run is now ready to begin, and the products are available for sale during this pre-order campaign.

20% Discount on Selected Items

Orders placed during the pre-order campaign will receive a 20% discount on the following items:

- **TTS160PL-HE** — TTS-160 Panther Lite mount head with built-in encoders
- **TTS160PL-H** — TTS-160 Panther Lite mount head without encoders
- **TTS160PL-CA** — TTS-160 Panther Lite counterweight arm
- **TTS160PL-VB** — TTS-160 Panther Lite vertical balancing bracket
- **TTS160PL-PH** — Phone holder

Note: Other items do not qualify for the pre-order discount.

Pre-payment Requirement

All pre-orders must be prepaid at the time of ordering. Pre-payment ensures an optimized and secure manufacturing process.

Estimated timeline

February – March 2025: Part Production and purchasing

March-April 2025: Product Assembly

May 2025: Final inspection and preparing for shipping

May – June 2025: Products Ships to customers

We will do our best to adhere to this timeline. However, please note that it is an estimate, and delays may occur.

Cancellation Policy

Customer-Initiated Cancellation: If a prepaid order is cancelled, an 80% refund will be provided due to manufacturing commitments.

Delayed Orders: Orders not fulfilled by the end of **September 2025** may be cancelled by the customer for a full refund for undelivered items.
